A road to sharpening
 Your Child
 in safe hands

Kiddie Farms is a promising playschool started by an educationist Dr. Gitanjali Dua who is a doctorate in Retail Management and shared with a vast experience of teaching little buds. This play school with day care facilities offer high quality child care with different tools of play-way method.

We prepare children's for today's world where there are no boundaries of learning and there is a plethora of opportunities. The members and staff are well able, skillfully trained and qualified to bring out the best from a child. They are more of parent to a child so that the child feels as safe and comfortable as home.

Our Ethos

Our ethos is based on the belief that every child discover the best possible start in life and the support to fulfill their potentials. A child's experience in the early years has a major impact in their future. We are here to make the children bloomed with our environment-friendly activity techniques.

School Timing

9.30 am to 12.30 pm for play school (Monday to Friday)
 9.00 am to 5.45 pm for day care (Monday to Friday)

Our Uniqueness

What differentiates us from others is its educational techniques one where students set goals and develop strategies to meet their goals, the starting point for all learning. In this school the teacher and learning spaces are adapted to the individual need of the students.

Day Care Facility

A special service rendered to parent to ensure a child is well kept in the safe hands for the whole day. Special arrangements for meals and relaxation for the child is provided. So parents be assured your child is his/her another home.

Curriculum

As the child grows, the challenges he/she faces must also grow in order to sustain an ever developing intelligence and further enhance the child's capability. In order to achieve the same our teachers, in each session, bring forth ideas to sets curriculum which nurtures the child's curiosity and nudges him/her to think innovatively.

Extra-curriculum Activities

"All work and no play make Jack a dull boy"

In order to make the child's learning experience effective we have in cooperated several activities like drawing, Colouring, crafts, music and dance clay Moulding, meditation, Yoga, Spoken English etc. Which aim at keeping the child's mind and body active and developing the child in a holistic manner.

We celebrate every child's birthday and all major functions and festivals like Annual Day, Sports Day, Dussehra, Diwali, Christmas, Holi etc. during school hours. This way the child learn to express their emotions thus understanding the value of our culture and personal relationship.

We provide a platform to the children where they can present the themselves confidently on stage.

How We Make Children Learn

From day one children learn and develop by touching, seeing, hearing, smelling, tasting, moving and doing. Children's early developments and their health and learning get shape by the day to day experiences. A child learn by playing and for that he needs a place where he feel safe and loved. We assure a child those all.
